DIVISION MEMORANDUM

No. 01 s. 2026

To: Assistant Schools Division Superintendent
Chief Education Supervisor, CID and SGOD
Education Program Supervisors
Public Schools District Supervisors/ Principals In- Charge of the District
Secondary School heads

ORIENTATION- WORKSHOP ON MATHEMATICAL INVESTIGATION AND MODELING

- 1.The Orientation- Workshop on Mathematical Investigation and Modeling for Secondary School Learners and Teachers is designed to capacitate educators in implementing these innovative strategies in the teaching and learning process.
2. This aims to deepen teachers' understanding of the concepts, frameworks, and pedagogical foundation of mathematical investigation and modeling, provide hands-on experience in designing, facilitating, and assessing investigation and modeling tasks, enhance learners' mathematical curiosity, reasoning, and problem- solving through investigative and modeling activities and promote collaboration and sharing of best practices among mathematics teachers and learners across secondary schools.
- 3.Through this orientation- workshop, mathematics teachers and learners will be empowered to view mathematics not merely as a subject of numbers and symbols, but as a dynamic discipline that explains patterns, solve problems and models the world. Ultimately, this capacity building endeavor seeks to cultivate a culture of mathematical inquiry and innovation in secondary schools. Paving the way for more meaningful, relevant, and future- ready learning experiences.
