Greetings from the Department of Information and Communications Technology!

Thank you for partnering with us in the implementation of the Technology for Education, Employment, Entrepreneurship, and Economic Development--Tech4ED Project, a national digital inclusion serving as access points providing internet connectivity and online government services in rural and remote areas.

To better perform our mandate toward digital inclusion, the DICT will conduct the Tech4ED Center Census activity to monitor the operational status of partner-managed Centers, especially after the pandemic to identify the appropriate support that may be given to the Centers.

In line with this, our enumerator will be coordinating with the Center Manager/ Assistant Center Manager to facilitate the collection of data and provide insights into the operations of your Tech4Ed Centers. We will also be conducting a physical visit this month September to the Center as part of our data collection and assessment process.

The following are the Tech4Ed Centers in the City of Dapitan:

1. Polo Elementary School Tech4ED Center
2. Talisay Elementary School Tech4ED Center
3. Dapitan City SPED Center Tech4ED Center
4. Dapitan City Experimental ES Tech4ED Center
5. Dapitan City Central School Tech4ED Center
6. Sulangon National High School Tech4ED Center
7. Potungan National High School Tech4ED Center
8. Oro National High School Tech4ED Center
9. Kauswagan Integrated School Tech4ED Center
10. Ilaya National High School Tech4ED Center
11. Dapitan City National High School Tech4ED Center
12. Dakak National High School Tech4ED Center
13. Baylimango National High School Tech4ED Center
14. Barcelona National High School Tech4ED Center
15. Aseniero National High School Tech4ED Center

Your continued and steadfast support and cooperation in the conduct of this activity, in line with our shared objective of improving digital inclusion for the Filipino people, is highly appreciated.

You may see the attached communication from the Central Office with regard to this activity.

Thank you very much.

Respectfully yours,

--

Dear Tech4ED Partner,

Greetings from the Department of Information and Communications Technology (DICT)!

We are writing this letter to respectfully inform you that the DICT, through the ICT Literacy and Competency Development Bureau (ILCDB), will be conducting a Census of established Centers under the Technology for Education, Employment, Entrepreneurship, and Economic Development (Tech4ED) Project, a national digital inclusion serving as access points providing internet connectivity and online government services, in rural and remote areas within the months of July to August 2022.

To better perform its mandate toward digital inclusion, the DICT will conduct the Tech4ED Center Census activity to monitor the operational status of partner-managed Centers, especially after the pandemic to identify the appropriate support that may be given to the Centers. Specifically, the objectives of the said activity are as follows:

1. Determine which centers are operational and non-operational as well as the reasons for non-operation;
2. Identify the services being offered by the operational centers;
3. Update the directory of Center Managers(CM) and Assistant Center Managers (ACM);
4. Conduct an inventory of DICT-donated equipment to Tech4ED Centers; and
5. Process the acquired data for planning and policy recommendations.

Our enumerators will be coordinating with your Center Managers/Assistant Center Managers to facilitate the collection of data and provide insights into the operations of your Tech4ED Center. We will also conduct a physical visit to your Center as part of the data collection and assessment process.

We request your continued and steadfast support and cooperation in the conduct of this activity, in line with our shared objective of improving digital inclusion for the Filipino people.

Thank you very much!

Respectfully yours,

MARIA TERESA MAGNO GARCIA
Director IV, ICT Literacy and Competency Development Bureau

22 August 2022

Dear Tech4ED Partner,

Greetings from the Department of Information and Communications Technology (DICT)!

We are writing to respectfully inform your good office that *the Tech4ED web platform* (www.tech4ed.gov.ph) *is no longer accessible*. We apologize for any inconvenience this may have caused. However, we wish to assure you that the DICT is currently developing Skills Window PH, a virtual platform that allows skills development and job-skills matching through an integrated cloud-based learning management system (LMS). All online capacity-building initiatives of the DICT shall be made available on the Skills Window PH. Meanwhile, *the eGovServices segment* of the Tech4ED Platform will be integrated with the ILCDB website and can be accessed through www.learnict.dict.gov.ph to provide continuous access to government online services.

Rest assured that, moving forward, the Project Management Team shall ensure minimal disruptions to the provision of services within the Centers, and work toward bringing improved services to our partner centers.

Thank you very much!

Truly yours,

MARIA TERESA MAGNO GARCIA
Director IV, ICT Literacy and Competency Development Bureau
